## Multiple Sclerosis and You— Understanding and Treating Relapsing MS

They say “knowledge is power.” That’s why it is a good idea to “empower” yourself and learn more about MS and your treatment options. This informative and interactive session will provide you with the basics of MS, and help you gain a better understanding of the therapies that are available to patients with relapsing forms of MS.

Breana,  
living with  
RRMS  
since 2003
